

ALUXA

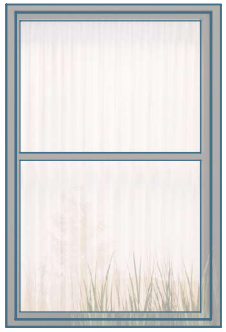

FACADES | DOORS | WINDOWS

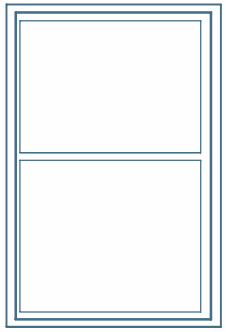

ALUXA

Aluxa is a global aluminium systems brand dedicated to manufacturing premium doors, windows, facades, and architectural solutions. Proudly **supplied worldwide**, our products combine contemporary design, engineering precision, and long-term performance.

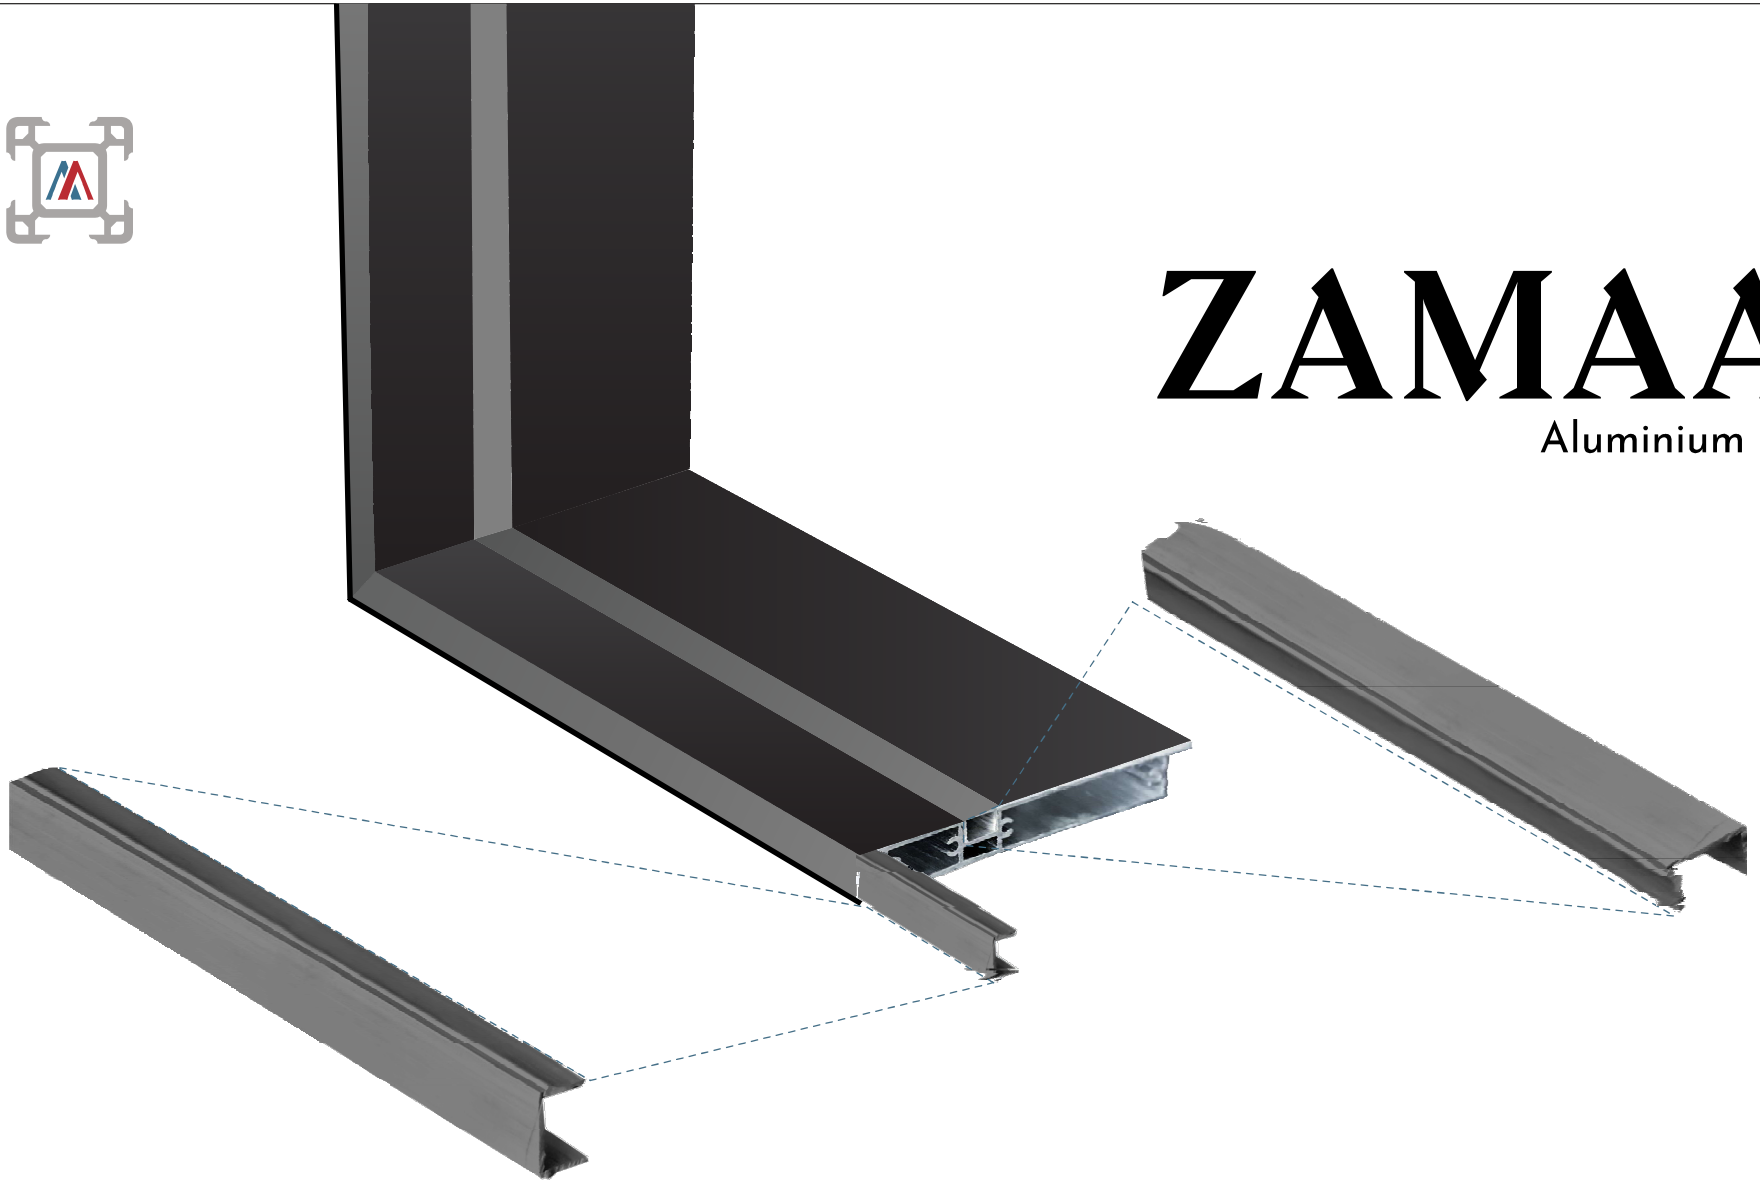

Our innovative aluminium reveal system **replaces Traditional Primed Reveals** with a strengthened, durable, and weather-resistant **aluminium alternative**, delivering superior aesthetics and lasting strength.

With a strong presence in the australian market, aluxa creates solutions that meet the evolving needs of modern architecture while ensuring quality, reliability, and exceptional craftsmanship.

Precision Defined. **Strength Refined.**
